

Pull open frame and lock it by pushing the hubs together.

Secure manual locks by sliding hook ends into slots located in opposite hubs.

Attach graphics by slipping the grommet holes in the corners of the fabric panels over the studs

If shelves are purchased: add removeable manual locks to the hubs at the bottom of the quad.

Place shelf down onto frame scissor. Maximum shelf load: 9 Kgs

Klappen Sie das Display auseinander und verriegeln Sie beide Rahmen-Konnektoren durch Zusammendrücken der Verbindungsstücke.

Sichern Sie die Konnektoren, indem Sie die Stiftnaken in die Schlitz auf der entgegengesetzten Seite schieben.

Befestigen Sie die Grafiken, indem Sie die Eck-Ösen der Stoff-Panels über die Rahmen-Bolzen stülpen.

Hinweis zur Regal-Montage:
Setzen Sie zuerst die Verriegelungsvorrichtungen in die Halterungen an der Unterseite des Quadrates ein.

Platzieren Sie das Regal-Brett auf den scherenförmigen Rahmen-Trägern. Das Regal trägt maximal 10 kg.

Tirez sur la structure pour l'ouvrir et bloquez-la en appuyant sur les moyeux jusqu'à ce qu'ils se rejoignent.

Sécurisez les dispositifs manuels de blocage en glissant le bout des crochets dans les fentes des moyeux situés à l'opposé.

Fixez les visuels en faisant glisser les œillets dans les coins des panneaux en tissu par-dessus les chevilles (studs).

Si vous avez acheté les étagères : ajoutez des dispositifs manuels de blocage amovibles aux œillets situés en bas de la structure (quad).

Placez l'étagère dans le guide de la structure. La charge maximale de l'étagère est de 10 kilos.

Tirate per aprire il telaio e chiudetelo spingendo sulle parti centrali.

Attivate le chiusure manuali inserendo i ganci nelle fessure situate nella parte opposta.

Attaccate le parti grafiche collegando gli anelli di tenuta agli angoli dei pannelli in tessuto.

Se i ripiani sono compresi nell'acquisto: inserite le chiusure manuali nella parte centrale inferiori.

Inserite il ripiano nel telaio a forbice. Peso massimo ripiani: 10 kg.

Tire de la estructura para abrirla y bloquéela en posición empujando todas las piezas centrales a la vez.

Asegure los cierres manuales deslizando el extremo de los cilindros dentro de las ranuras de los cilindros opuestos.

Coloque los gráficos introduciendo por los pasadores las arandelas de las esquinas de los paneles de tela.

En caso de adquirir estantes: añada los cierres manuales extraíbles a los cilindros situados en la parte inferior del equipo.

Coloque el estante en la estructura de tijera. El peso máximo de los estantes es 10 kg.
